

# Openserve Fibre Connect Premium

Scale, Speed, Reliability, Flexibility

# Every partner needs a connection

When choosing a fibre connection for your customer, there are four criteria we believe are the most important:

Scale

Speed

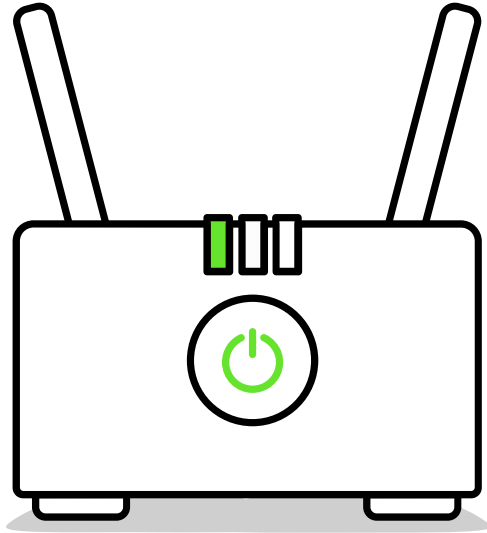

Reliability

Flexibility

As SA's national connectivity leader, Openserve meets these criteria and so much more.

We are committed to delivering innovative services and improving the future of our client's businesses.

# Committed to our connections

Our business is all about building your business, no long-term contracts, easy month-to-month arrangements with tools that provide you with everything you need to manage and grow your customer base.

Openserve Fibre Connect Premium (OFCP) is engineered to bring you a broadband access product featuring a Repair SLA and lower contention ratios, allowing you to design custom solutions to cater to your high-end user requirements, as well as small and medium business customers.

Get your customer connected to SA's most experienced fibre infrastructure provider.

Openserve Fibre Connect Premium is part of our ever expanding 170,000km plus of national fibre deployment, all backed by a world class national and international IP network.

# A connection for every purpose - OFCP

Symmetrical speeds of 50 Mbps to 200 Mbps, with 300 Mbps / 150 Mbps and 500 Mbps / 250 Mbps asymmetrical options.

Backhaul via Metro Ethernet network

Provisioned over GPON fibre network

No long-term contracts. Month-to-month contracts.

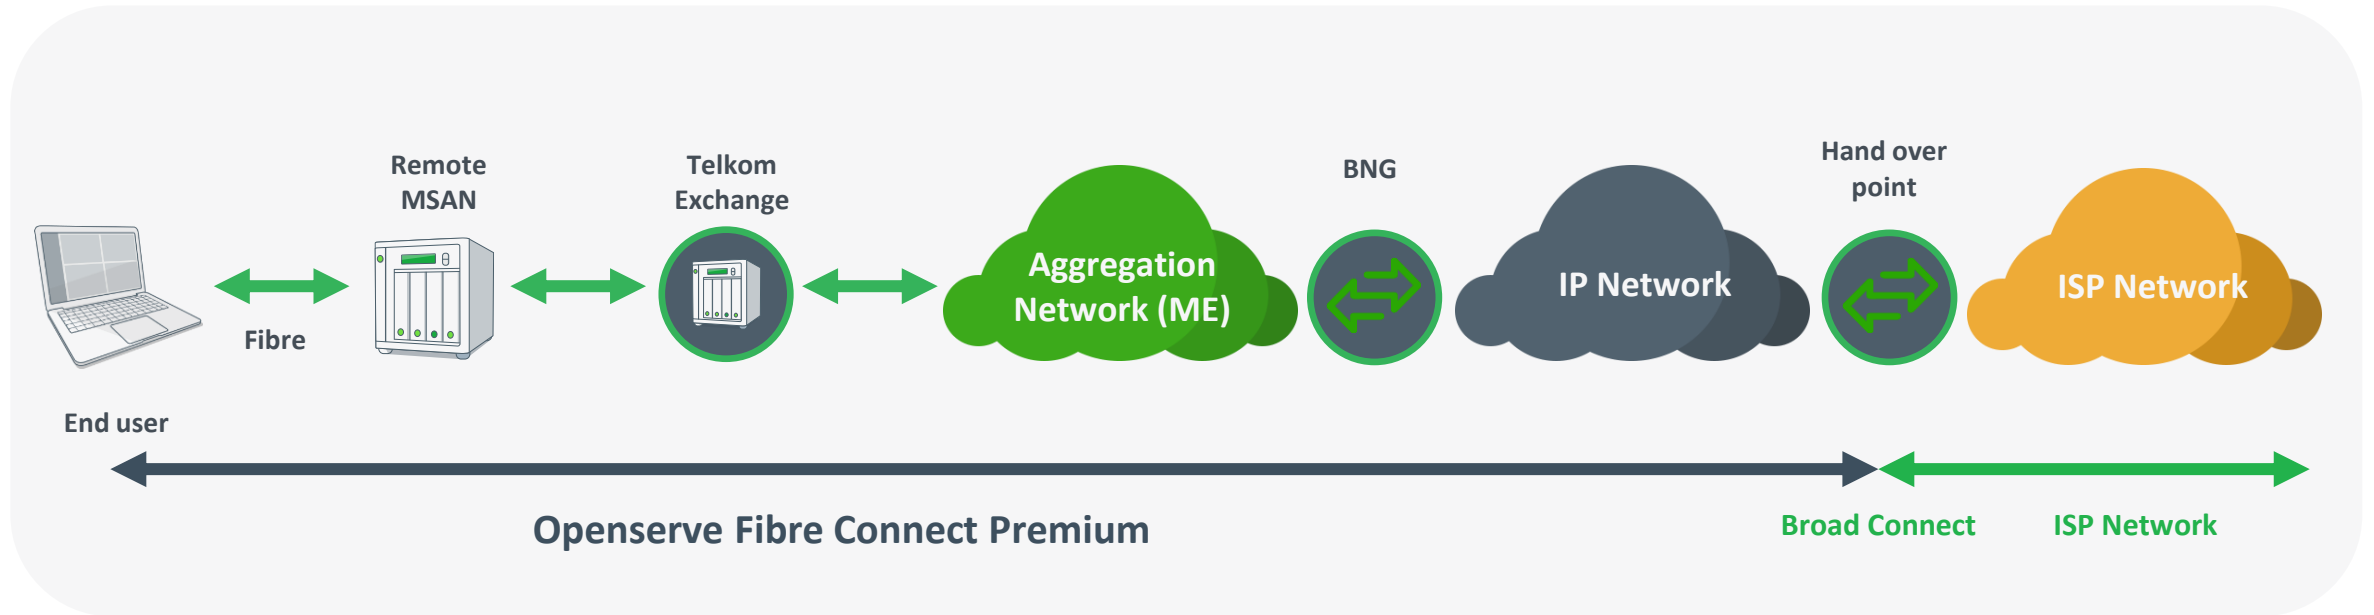

8 – Business hours repair time SLA

Lower contention ratios suited to business applications.
